

haid-tec terrace cleaner

Tailored to cleaning problems outdoors

The haid-tec patio cleaner, stone and paving stone cleaner reliably removes stubborn dirt on stone outdoors. It is extremely concentrated and productive, a small amount is enough to achieve excellent cleaning results. It is suitable for manual and machine cleaning.

Areas of application:

All cleaning problems on stone outdoors.

Suitable for:

The haid-tec terrace cleaner can be used on outdoor stone surfaces, e.g. fine stoneware, tiles, natural stone, steel, epoxy, clinker, paving stone, natural slate, terracotta and artificial stone.

haid-tec stands for green chemistry:

The haid-tec patio cleaner was made on the basis of plant-based raw materials without microplastics. It is free from ineffective fragrances and dyes. The haid-tec terrace cleaner does not damage your planting.
